[epaper]

Sharp EP-C131

Ideal for retail, hospitality, and transportation settings where static content needs regular updating, the ePaper is a ground-breaking energy efficient solution that maintains unimpaired readability.

- Zero power consumption – playback of static digital images with zero power consumption, electric power is only needed when changing content.
- Unimpaired readability – even under brightest ambient conditions, low reflective, paper-like presentation of static images.
- Great visual performance – ACeP colour performance, great contrast, wide viewing angles and fine resolution for ergonomic presentation of content.
- Easy content management – simple and convenient configuration and content distribution via PC, USB, Wifi or Bluetooth.
- Quick and flexible installation – provisioning of power cable is not mandatory, landscape, portrait, face up and face down operation supported.
