[digital-signage-display]

Sharp MultiSync PN-ME862

For exceptional performance in meetings rooms and digital signage solutions, the ME-series offers best-in-class visual performance and value to support your range of needs.

- Seamless connectivity – native USB-C supports Bring Your Own Device workflows, safeguarding inclusion and boosting productivity, with a single cable connection between notebook and display.
- Best readability – aiding high productivity in well-lit meeting spaces, a high haze filter eliminates glare and reflections from windows and other light sources.
- Quick input detection – removing potential frustration and smoothing the way to productive meeting outcomes, the display responds immediately when a device is connected.
- Third-party compatibility – not simply a display, but an out-of-the-box solution, compatible with popular workplace and content management systems through the integrated SoC platform.
- New feature-ready – regular OTA Android OS updates ensure availability of the latest features and system security.
